Hello to all! I can't believe we only have a week and a half left of school. It has been great and time really flies. I will like to thank all of you who have made this year a great one! I wish the 8th graders the best.

Homework System: A homework packet will be given to each student at the beginning of the week. The packet must be completed and turned in by Friday. Regular breaks and lunch breaks will be used to complete any unfinished part of the packet.

ELA- This week we will examine figure of speeches to determine the understanding of the words.

Math- This week we will construct a right triangle to find the distance between the points by using the Pythagorean Theorem.
